

Patch 37 - CSU Read Me Document

Scheduled to be released to SQT on 7/15/02

Scheduled to be deployed on 7/28/02

Installation Patch 37 - CSU

This patch will include database changes as well as Client side changes. The client for Patch 34 along with the instructions for loading it is attached with this document in the Read Me distribution e-mail.

Patch 37 to include the following:

Remedy Problem Ticket

- 5781** Multiple page break commands caused the reports to list 1 position per page. Remove the Redundancies and replace with page breaks on PAS/UIC and ORG COMPONENT.
[AF Comment: self-explanatory.](#)
- 5928** WCP TYPE incorrectly populated. CSU table load scripts re-written to correct WCP_TYPE load error. DFAS LINE NR is now visible on Position Data Form.
[AF Comment: Not applicable to AF \(no AF records in CSU with a code; however DD \(DFAS\) records do\)](#)
- 6501** The CSU table load program is looking for Special Information Type (SIT) 'Appraisal - Non Appropriated Fund'. The SIT was changed to 'Appraisal - Non-Appr Fund'. As a result, the NAF appraisal data is not being populated. The CSU table load program was modified. NAF Appraisal information is now populating properly.
[AF Comment: "information will be provided at a later date.](#)
- 6512** Userids with multiple access conditions such as HQAETCFLOYDJ take too long to access Data. Created new optimized SECV definitions. Access is now fast for all users.
[AF Comment: Not applicable to AF.](#)
- 6891** CSU was not capturing correct LN supplemental pay data. Changed CSU table load program to capture the correct LN supplemental pay data.
[AF Comments: The Supplemental Pay screen will now display the correct data for local national records. Prior to this fix, any updates to the supplemental pay area were not being refreshed to the CSU.](#)
- 6975** The wildcard feature of CSU_SYS form was preventing system administrators from building and accessing Userids with a '_'. CSU_SYS form was corrected by removing the wildcard Feature. System administrators may now use List button feature to find users.
[AF comment: System administrators may now use List button feature to find users.](#)

Change Request Transmittals

- 02-406-DoD** All references to NON_PAY_HOURS_WGI removed from report CSU_0162.
[AF Comment: Self-explanatory.](#)
- 02-474-IBB** Created table IBB_BBG_EMPLOYEE table with all the accompanying views, grants, and indices. Created a matching EUL folder. Added to CSU table load program.
[AF Comment: Not applicable to AF.](#)
- 02-391-DOD** Added vet_pref_point_value to MILITARY_SERVICE table. Added vet_pref_point_value to CSUMIL and CSURIF forms. Added vet_pref_point_value To EUL folder MILITARY SERVICE. Added to CSU table load program.
[AF comment: System administrators may now use List button feature to find users.](#)
- 05-NGB-007** Added 3 new forms CSUAFAGR, CSUNGOTH, CSUNGAR. Modified CSUMAIN Form, CSUMENU menu, and CSULIB.
[AF Comment: Not applicable to AF.](#)

02-538-DoD Corrected CSU table load program to populate all tables properly.
[AF Comment: Self-explanatory.](#)
